## Adjusting Text Size on Your Moto 360

Inas B. - 2025-10-13 - [Troubleshooting & Setup](#)

Your Moto 360 lets you personalize the text size to make reading notifications, messages, and menus comfortable. Adjusting the font is quick and easy.

### Step-by-Step Guide

#### 1. Open Quick Settings:

- From the watch face, **swipe down** from the top to reveal the Quick Settings menu.

#### 2. Go to Display Settings:

- Tap **Settings** in the Quick Settings menu to access your device options.

#### 3. Find Font Size:

- Within Settings, tap **Display**, then select **Font Size** to access text adjustment options.

#### 4. Choose Your Preferred Size:

- Select the font size that feels best for you. The watch will **apply the changes immediately**.

#### 5. Return Home:

- Press the top side button to go back to your home screen.

Enjoy a **personalized reading experience** on your Moto 360. Adjusting the text ensures easier navigation, better readability, and a more comfortable smartwatch interaction.
