Can I Reply to Texts on the Moto Watch 120?

Inas B. - 2025-10-10 - [Product Features](#)

At this time, the Moto Watch 120 doesn't support replying to text messages directly from the watch.

You'll still receive **notifications for incoming messages**, and you can **read them right on your watch**, but to reply, you'll need to use your phone.

We're always exploring new features and improvements, so keep an eye out for future software updates.
