Changing the Language on Your Moto360

Inas B. - 2025-10-08 - Product Features

Switching your Moto360 to a new language is simple, but it does require a **factory reset**. Don’t worry — we’ll guide you step by step so you can do it safely and confidently.

Steps to Change the Language

1. **Access Settings**
    - Swipe down from the top of your watch screen.
    - Tap the **Settings** icon.
2. **Navigate to System**
    - Scroll and tap **System**.
3. **Perform Disconnect & Reset**
    - Select **Disconnect & reset**. This prepares your watch for a fresh setup.
4. **Reboot and Select Your Language**
    - Once the watch restarts, tap the screen.
    - Choose your **preferred language** from the list.

Important Warning

- Performing a factory reset **erases all settings and paired phone data**, allowing you to pair your watch with a different device.
- Resetting the watch **removes user data and downloaded apps**, but it **does not affect your phone or tablet**.

By following these steps, you’ll have your Moto360 ready in the language you prefer, without missing a beat.
