Changing the Time Format on Your Moto Watch 40

Inas B. - 2025-10-10 - [Troubleshooting & Setup](#)

You can easily customize the time format on your **Moto Watch 40**, choosing between a 12-hour or 24-hour display. Follow these steps:

Steps to Change Time Format

- 1. Open the Moto Watch Lite App**
Launch the **Moto Watch Lite app** on your Android or iOS device.
- 2. Go to "My Watch"**
In the app, navigate to the **"My Watch"** section to access your connected Moto Watch 40 settings.
- 3. Scroll to "Time Format"**
Scroll down until you see the **"Time Format"** option.
- 4. Toggle Between 12-Hour and 24-Hour Formats**
Tap the toggle next to **"Time Format"** to switch between:
 - **12-Hour Format:** Shows time in AM/PM (e.g., 7:00 PM)
 - **24-Hour Format:** Shows time in 24-hour format (e.g., 19:00)

Now your watch will display the time exactly how you prefer, fitting seamlessly into your daily routine.
