Fixing Google Assistant Issues on Moto 360

Inas B. - 2025-10-13 - [Troubleshooting & Setup](#)

Having trouble with Google Assistant on your Moto360? Follow these steps to get it back on track:

Step 1: Reboot Both Devices

- **Moto360:** Go to **Settings** → **Restart**.
- **Paired Smartphone:** Restart your phone.

Step 2: Clear Google Play Services Data

1. On your **watch**, go to **Settings** → **Apps & Notifications** → **See All Apps**.
2. Locate **Google Play Services**.
3. Tap **Clear Cache** or **Clear Data** to refresh the service.

Additional Tips

- **Check Connectivity:** Ensure your watch and phone are connected via **Bluetooth**.
- **Software Updates:** Make sure both devices have the **latest updates installed**.
- **Language Settings:** Confirm that the language settings match on both your watch and phone.

□ Following these steps should resolve Google Assistant glitches. If issues persist, contact our **support team**. We're here to help your Moto360 work flawlessly.
