Getting Started with SiriusXM on Your Moto360

Inas B. - 2025-10-13 - [Product Features](#)

Enjoy SiriusXM on your Moto360 and bring your favorite music, shows, and news right to your wrist. Follow these steps to get started.

Compatibility

- Your Moto360 supports SiriusXM, ensuring smooth audio streaming from your wrist.

Installation Steps

1. Install the SiriusXM App

- Open the **Google Play Store** on your paired Android device.
- Search for **SiriusXM** and install the official app.

2. Pair Your Moto360

- Make sure your watch is paired and connected to your Android phone.

3. Launch SiriusXM

- Swipe through your apps on the Moto360 and open the SiriusXM app.

4. Sign In or Create an Account

- Existing users can sign in directly.
- New users can create an account through the app.

5. Explore and Enjoy

- Browse channels, shows, and stations.
- Select your favorites and start listening to high-quality audio content.

Tips for the Best Experience

- Keep a stable connection between your Moto360 and Android device.
- Connect Bluetooth headphones or speakers for better audio.
- Customize your channels and preferences in the SiriusXM app for a personalized experience.

With SiriusXM on your Moto360, enjoy music, talk shows, and more — all from your wrist. For troubleshooting, consult SiriusXM support or reach out to customer service.
