## Wireless Charging Compatibility

Inas B. - 2025-10-08 - [Product Features](#)

The Moto360 (Gen 3) **does not support wireless charging**. To maintain battery health:

- **Use Original Charger Only:** Avoid third-party wireless chargers.
- **Proper Connection:** Place the watch correctly on the charging cradle to ensure reliable charging.
- **Monitor Charging:** Always ensure the watch shows the charging animation to confirm power delivery.
