Changing Temperature Units and Other Metric Settings on Moto Watch 120

Inas B. - 2025-10-09 - Troubleshooting & Setup

You can easily switch between Celsius and Fahrenheit or adjust other measurement units on your Moto Watch 120. Follow these simple steps:

1. **Open the Moto Lite App**
   Launch the Moto Lite app on your smartphone.

2. **Select Your Watch**
   In the **"My Watch"** section, choose your **Moto Watch 120**.

3. **Go to Metric Settings**
   Scroll down to find the **Metric Settings** option.

4. **Change Temperature and Other Units**
   From here, you can switch the temperature display between **Celsius (°C)** and **Fahrenheit (°F)** and adjust other metrics—such as **distance, weight, and height units**—to match your preference.

This feature lets you personalize how your Moto Watch 120 displays information for a better, more tailored experience.
