Does the Moto Watch 120 Support Wireless Charging?

Inas B. - 2025-10-10 - Product Features

The Moto Watch 120 **does not support wireless charging**.

To charge your watch safely and efficiently, always use the **included charging cable and cradle**.

How to Charge Your Moto Watch 120

1. **Connect the Cable**
   Plug the USB charging cable into a compatible power source, such as your computer or a wall adapter.

2. **Align the Watch**
   Place the back of the watch on the charging cradle, making sure the **charging pins align correctly**.

3. **Start Charging**
   When connected properly, a **charging indicator** will appear on your watch screen.

Important:
Avoid using wireless chargers or non-compatible accessories. These may prevent proper charging or even damage your device.
For the best performance and safety, always use the **original Moto Watch 120 charging accessories**.
