Organizing Apps on Your Moto 360

Inas B. - 2025-10-13 - Troubleshooting & Setup

Keep your most-used apps right at your fingertips by customizing the app order on your Moto 360. It’s quick, intuitive, and makes navigation smoother than ever.

Step-by-Step Guide:

1. **Press and Hold an App Icon:**
    - Locate the app you want to move.
    - Press and hold its icon until it becomes interactive.
2. **Rearrange Your Apps:**
    - Drag the icon to your desired position within the app menu.
    - Release the icon to lock it in place.
3. **Recently Opened Apps:**
    - Keep in mind that recently used apps automatically appear at the top of the app menu for easy access.

With these simple steps, you can effortlessly personalize the app layout on your Moto 360, putting your favorite apps exactly where you need them.
