Stay Informed and In Control with Moto 360 Status Panel

Inas B. - 2025-10-08 - Product Features

Your **Moto 360** offers a **Status Panel** that keeps key information and settings at your fingertips. From battery levels to connectivity, it ensures you stay informed and in control throughout your day.

Key Indicators at a Glance

Swipe down from the top of the screen to access essential indicators, including:

- **Airplane Mode** – Quickly toggle when needed.
- **Battery Saver** – Conserve power for longer usage.
- **Do-Not-Disturb** – Silence notifications at your convenience.
- **Theater Mode** – Keep the screen dark and notifications muted.
- **Flashlight** – Illuminate your surroundings.
- **Wi-Fi Connection** – Monitor your network status.

The panel also shows your **battery percentage**, **connection status with your phone**, and **GPS tracking status**.

Customize Your Status Panel

Tailor the Status Panel to match your workflow:

1. **Open Settings:** From your apps screen, tap the **Settings** icon.
2. **Go to Advanced Quick Settings:** Navigate to **Advanced Quick Settings**.
3. **Add or Remove Icons:** Tap the **+** to add a shortcut or **−** to remove one.
4. **Rearrange Icons:** Touch and hold an icon, then drag it to your preferred position.

With these simple steps, you can personalize your **Moto 360 Status Panel**, ensuring quick access to the settings and information that matter most.
