Connecting Your Moto 360 to Wi-Fi Using iOS

Inas B. - 2025-10-13 - Troubleshooting & Setup

Keep your Moto 360 connected and fully functional by adding or switching Wi-Fi networks through your iOS device. Follow these simple steps for a smooth setup:

Step 1: Wake Up Your Watch

- Tap the screen to wake up your Moto 360 if it’s dim.

Step 2: Access Quick Settings

- Swipe down from the top of the screen to open Quick Settings.

Step 3: Open Settings

- Tap the **Settings** icon. If it’s not visible, swipe left to find it.

Step 4: Go to Connectivity Options

- Scroll down, select **Connectivity**, and tap **Wi-Fi**.

Step 5: Add a New Network

- Tap **Add Network** and enter the network name if required.

Step 6: Enter Password via Wear OS App

- Open the **Wear OS** app on your iOS device.
- When prompted, enter the network password on your phone.

Step 7: Join the Network

- Tap **Join** to connect your Moto 360 to the Wi-Fi network.

With these steps, your Moto 360 will stay connected, ensuring seamless access to apps, updates, and notifications.
