Enabling Call Alerts on Moto Watch 100

Inas B. - 2025-10-08 - Troubleshooting & Setup

Follow these steps to receive incoming call notifications on your Moto Watch 100:

1. **Open the Moto Watch App** – Launch the app on your mobile device.
2. **Access Your Profile** – Tap the profile picture/icon in the top-left corner.
3. **Select Your Connected Moto Watch** – Choose your Moto Watch 100 from the list of devices.
4. **Access Reminders & Alerts** – Tap **Reminders & Alerts** within your watch settings.
5. **Configure Call Notifications** – Scroll to the **Calls** section and tap it.
6. **Enable Incoming Call Alerts** – Toggle the switch for **Incoming call alerts** to ON.
7. **Grant Permissions (if needed)** – Follow any on-screen prompts to allow phone status permissions.

Your Moto Watch 100 is now ready to alert you for incoming calls directly on your smartwatch.
