Setting Up Screen Lock on Your Moto Watch 100

Inas B. - 2025-10-08 - Troubleshooting & Setup

Keeping your smartwatch secure is important. Follow these steps to enable a screen lock on your Moto Watch:

1. Press the Top Button

- Press the top button to access the watch settings.

2. Open Settings

- Navigate to **Settings** on your watch.

3. Select Display

- Scroll and tap **Display** to access screen options.

4. Enable Lock Screen

- Tap **Lock Screen** and follow the on-screen instructions.

5. Activate Screen Lock

- Confirm to enable the lock. Your watch is now secured, and your data is protected.
